Marie Curie
Cancer Care

Bristol to Bath Bike Ride Challenge

Cycle the old railway path from Bristol to Bath and raise money for Marie Curie Cancer Care.

The route: The Bristol and Bath Railway Path is a 14 mile off road route between the cities of Bristol and Bath constructed on a former railway track bed. It is a commuting route, an attractive leisure path and an important wildlife corridor.

The traffic free route loops from Bristol city centre to the edge of Bath and is home to fine artwork from local artists as well as stunning views of the Avon countryside, with plenty of posts along the way to guide you.

Whether you're cycling on your own or with family and friends – welcome to the Daffodil Team. As soon as you sign up to take on a challenge for us you'll get:

- full support from your local fundraiser
- a welcome pack complete with useful information as well as a map of the route
- hints and tips on hitting your fundraising target

All participants will need to supply their own bicycles for the trip and cycle helmet. If you do not own a bike there are local hire shops available.

All participants must wear a cycle helmet.

How your sponsorship helps

The suggested sponsorship we ask you to raise £50 per individual/£75 per family. This is a guideline only and the event is not restricted to those who have not achieved this. The money you raise will help us continue to provide high quality nursing care to terminally ill patients in their own homes.

It costs us £20 you raise helps us to provide a Marie Curie Nurse in a patient's home for one hour. £160 helps provide a full shift for a Marie Curie Nurse in a patient's home.

How do I sign up?

Fill out the entry form overleaf and return it to the address on the back of the form.

Get more from your fundraising

Justgiving makes raising sponsorship online quick and easy. It takes just a few minutes to create your sponsorship page and send it to all your friends and family. It will even collect Gift Aid where possible, making every pound you raised go even further. To get started visit:
